## About AMCS

The Australian Multicultural Community Services (AMCS) is a community organisation with more than 30 years experience serving the multicultural community. We support seniors to live at home for as long as possible, helping them maintain their independence and connect to opportunities.

**Our culturally appropriate services are:**

- » Delivered by skilled, knowledgeable and caring staff
- » Mostly free or low-cost

## Our Services

### Home Care Packages and Private Care

Whether you have a government-funded Home Care Package or you are seeking private care, you can access a coordinated package of services designed to meet your particular needs. Our coordinated, personalised home care support helps you to stay living independently at home. Our services are culturally appropriate and delivered by caring and experienced multilingual workers.

### Basic Home Support CHSP

#### *West and North only*

We can provide you with basic services, supporting you to live independently at home and in the community. Services include: Personal Care, Domestic Assistance, Allied Health and Transport.

### Information, Referral and Support

We provide information and can help connect you to services you need. We also support ethnic senior citizens clubs.

### Social Support Groups

Socialise with other seniors from your own culture at one of our activity groups for seniors.

### Respite for Carers

If you're a carer for an older person and person with a disability, our respite services allow you to have a break.

### Volunteer Visits

Enjoy companionship and support from one of our multilingual volunteers, who will visit you in your own home or nursing home.

### Emergency Relief

We provide support to people and families in financial difficulty.

### Adult Education

Learn something new at one of our low-cost courses for people from diverse backgrounds. Our high-quality courses include beginner to advanced computer or iPad classes, English for daily living and English for employment.

### Help to Find Work

Get help to write your resume, talk with employers and find training and work experience.
