

An evening with Paolo Angeli

Playing Sardinian guitar

A virtuoso of the Sardinian guitar, Paolo Angeli is one of Europe's most innovative musicians. Paolo elaborates, improvises and composes unclassifiable music, suspended between jazz, folk and pop.

Hailed as "one of jazz's best-kept secrets" (BBC Radio 3), Angeli will perform incomparably beautiful, multi-layered music using a unique 18-string guitar of his own devising.

Angeli will also discuss the creation of this extraordinary instrument and how it has inspired work with other jazz maestros such as Pat Metheny.
